PRODUCT SPECIFICATIONS

IOM No Bubble™ CAST Vinyl \$299.00

GLOSS: 4110-G

Key Features & Benefits

- Finish: Gloss
- 2.26 mil CAST PVC film (made in Germany)
- 95# PE-coated silicone release liner
- Expected outdoor durability up to 8 years. (Actual results may vary if exposed to extreme conditions).
- Adhesive Semi-Permanent Gray solvent/acrylic.
- Final tack 48 hours.
- Compatibility: Use with Solvent, Eco, UV and Latex printers. (A pretest is always recommended.)

Properties: This German vinyl works well with general signage, and is specifically developed for vehicle wrap applications and complex curves.

Installation: Product offers **Air Release No Bubble™ Technology** resulting in a fast, bubble free application.

Handling: Avoid touching material or introducing dust and dirt on to print face. This can cause anomalies and artifacts when printed. Always store unused material wound tight in original packaging.

Printing: Suggested Media Setting Universal Self Adhesive Vinyl. Depending on printing platform and RIP software; the suggested maximum ink load is 300%. Make sure that ink is dry when it reaches the take-up reel. An external dryer or heat lamp will accelerate drying.

Extreme heat can cause material to buckle. For best results calibrate media feed and bi-directional and optimum heater settings before using. 540 dpi, 8 pass offers a good balance between quality and speed.

Recommended Uses: Long-term outdoor signage, vehicle graphics and wraps, irregular surfaces.
